Summary

Entrepreneurial software developer and data analyst experienced in all areas of the software development life cycle, seeking to use proven programming skills to deliver exceptional software solutions. Effective and results-driven, having developed numerous unique and high-quality products, including an award-winning browser extension, an animated audiobook progressive web app, a responsive personal website, and two exceptional front-end plugins that significantly elevate the user experience.

Skills

Programming – CSS, HTML, JavaScript, TypeScript, SQL, Node.js, MongoDB, Git, Agile, Waterfall, Computer Science, Scrum, CRUD, REST

Digital Design – Photoshop, Illustrator, Premiere Pro, After Effects, Boxy SVG, SketchUp

Data Analytics – Python, NumPy, pandas, seaborn, matplotlib, Jupyter Notebook, Excel, Tableau

Experience

Software Developer

Self – San Antonio, TX

2021-09-01 to Present

- **Hide n' Seek** – [Website](#) – [Repository](#) – [Video Demonstration](#) – An award-winning, highly-rated browser extension for Chrome and Edge. Awarded the “Featured” badge by the Chrome Web Store for following best practices in coding, design, user experience, performance, and more.
- **MomentaMouse** – [Website](#) – [Repository](#) – [Video Demonstration](#) – An innovative front-end plugin that utilizes principles of kinematics and damped harmonic oscillation to give mouse-users the delightful ability to use gestures to magically flick through websites as if they were using a touch screen device.
- **SmoothScroller** – [Website](#) – [Repository](#) – [Video Demonstration](#) – A front-end plugin that leverages Bézier curves and asynchrony to achieve a superior, more customizable smooth scroll method.
- **Personal Website** – [Website](#) – [Repository](#) – [Video Demonstration](#) – A custom, responsive, and accessible personal website that features completely original designs, logic, logos, vector artwork, animations, and more. Written in HTML, CSS, and JavaScript.
- **Charm's Jobs** – [Website](#) – [Video Demonstration](#) – A custom and responsive audiobook progressive web application that works online and offline.

AI Training Specialist

Data Annotation Tech – Remote

2023-06-30 to Present

Meticulously refines and fine-tunes generative AI models that specialize in code production, using prompt engineering, comprehensive code review, and comparative assessment of response quality.

Captioning Agent

CaptionCall – Remote

2019-12-23 to 2023-06-29

Exceeded customer expectations by captioning phone conversations to written form with 97% accuracy for a high-volume call center.
