2019 – 2023 Captioning Agent
12 ▸ 06
23   29

CaptionCall — San Antonio, Texas
- Provides excellent customer service by dictating and captioning a variety of conversational topics verbatim
- Maintains a high level of dictation speed and accuracy
- Maintains strict consumer confidentiality

2019 – 2019 Pharmacist Intern (Ambulatory Care)
04 ▸ 05
01   10

University Family Health Center Southeast — San Antonio, Texas
- Lead patient interviews in a pharmacist-run clinic
- Optimized medication regimens in patients with uncontrolled diabetes, hypertension, and dyslipidemia
- Promoted behavioral strategies to help patients quit tobacco and recommended tobacco-cessation pharmacotherapy
- Independently built a smart diabetes clinical workup spreadsheet that generates clinical assessments and recommendations based on vitals, labs, medications, and medical history [↗]

2019 – 2019 Pharmacist Intern (Poison Control)
02 ▸ 03
18   29

South Texas Poison Center — San Antonio, Texas
- Provided initial and follow-up toxicological management consultation to inpatient and outpatient healthcare providers, as well as to the general public
- Using JavaScript, independently built a self-updating and self-maintaining autonomous database to study statistical relationships between dyspnea and environmental factors such as air pollution and airborne allergens [↗]

2019 – 2019 Pharmacist Intern (Internal Medicine)
01 ▸ 02
07   15

Audie L. Murphy Memorial VA Hospital — San Antonio, Texas
- Optimized patient care by providing daily guideline-based and protocol-directed pharmacy consultation to the internal medicine team
- Provided comprehensive counseling to patients being discharged with anticoagulant prescriptions
- Critically evaluated an article published in the Annals of Pharmacotherapy and emailed the corresponding author after discovering a major statistical error
- Independently developed a set of clinical calculators to calculate estimated creatinine clearance, sodium correction fluid rates, serum osmolality, opioid equivalencies, and more [↗]

2018 **2018**

11 ▸ **12**

05 **14**

Pharmacist Intern (Hospital Pharmacy)

University Hospital — San Antonio, Texas

- Prepared and verified the accuracy of compounded sterile preparations, including IV admixtures and TPNs
- Clarified medication orders and provided guideline-based and protocol-directed recommendations to prescribers
- Operated Pyxis automated dispensing cabinets
- Using Python, independently wrote a community-acquired pneumonia clinical decision support program based on IDSA guidelines ↗

2018 **2018**

24 **02**

Pharmacist Intern (Pharmacy Management)

H-E-B Headquarters — San Antonio, Texas

- Designed the H-E-B Navitus Prescription Mail Order Form ↗
- Partnered with Aetna at sales meetings to promote H-E-B pharmacy services to Medicare Part D beneficiaries
- Provided MTM services using MirixaPro and OutcomesMTM to H-E-B pharmacy customers
- Provided immunization services at two flu clinics

2018 **2018**

08 ▸ **09**

13 **21**

Pharmacist Intern (Psychiatric Pharmacy)

San Antonio State Hospital — San Antonio, Texas

- Performed mental status exams and recommended adjustments to antipsychotic medication regimens for patients with severe cases of schizophrenia, bipolar disorder, and other mental illnesses
- Assessed for antipsychotic-induced movement disorders and made treatment recommendations to attending psychiatrists

2018 **2018**

07 ▸ **08**

02 **10**

Pharmacist Intern (Community Pharmacy)

H-E-B Pharmacy #623 — San Antonio, Texas

- Prevented a potentially significant medication error involving diclofenac gel
- Helped a patient identify a medication that was causing intolerable lower extremity edema
- Served as the primary immunizer while on duty
- Performed prescription transfers, drug utilization review, verification, counseling, annual inventory, recordkeeping, and more, while under preceptor supervision

2013 **2015**

06 ▸ **06**

01 **01**

Pharmacy Technician

Walgreens Pharmacy #2944 — San Antonio, Texas

- Responsible for all medication compounding processes, including calculations, data entry, inventory, and recordkeeping
- Compounded non-sterile preparations, including capsules, troches, suppositories, ointments, creams, gels, and solutions
- Studied for the PCAT while working full-time and achieved a PCAT composite score that ranked in the 99th percentile ↗
- With short notice, independently designed an original queen-size loft bed using SketchUp 3D modeling software, determined and procured exactly the right amount of lumber and hardware required, then cut, drilled, and assembled everything by hand ↗
